

## PRESIDENT'S GREETING

---

It is a great pleasure for me to invite you to the "Surgical and Internal Medical treatment of Pelvic Floor Disorders" conference, that will take place in Catania, Sicily, at Romano Palace Hotel, from October 25<sup>th</sup> – 28<sup>th</sup>, 2012.

The Conference is organized by the International Society of Quality Medicine with the collaboration of the Hellenic Society of Colon and Rectal Surgery and with the support of the local medical institutions.

The goal of this meeting is to provide a global and comprehensive update of the newest developments on the diagnosis and treatment of pelvic floor disorders. We hope that it will represent a landmark, as it will be held with the participation of specialties that are involved in the area of pelvic floor disorders, such as Surgeons, Gynecologists, Psychiatrists, Urologists, Pathologists as well as Orthopaedics. With this multidisciplinary approach we will try to achieve a more focused, enriched and more individualized approach.

We look forward to welcoming you in Sicily and hope that the event will be scientifically rewarding and you will all enjoy your stay.
